– Lifestyle starts with a dream.

– Architectural impact.

– New moods, new flair.

Emotions, surfaces, materials.

Kos intende rispondere alle esigenze più profonde della società: oggi si cerca 'fisicità'. Si vuole toccare, provare emozioni legate al corpo, alla matericità. Questa necessità, tradotta nel linguaggio degli oggetti quotidiani, significa dare spazio a forme da accarezzare, a colori da assaporare, ...ad un'esperienza sensoriale globale. Un ambito che Kos indaga da anni; il brevetto Idrocolore® ne è certamente una delle più manifeste espressioni.

L'Idrocolore® è un sistema brevettato dall'azienda in grado di portare la luce direttamente 'dentro' l'acqua; ciò avviene grazie ad una speciale tecnologia che si avvale di fibre ottiche. Sei colori base, miscelabili a piacere da parte dell'utente tramite la tastiera di comando, illuminano l'acqua o il vapore, colorandoli e riflettendosi attraverso di essi: le vasche o i box doccia divengono enormi fonti luminose.

L'emozione di immergersi in esse è così forte da rimanere impressa a lungo nella nostra memoria; così unica e singolare, da non poter essere paragonata a nulla di conosciuto se non all'impossibile ricordo del grembo materno che ci ha accolto. Non una scelta commerciale, dunque, ma il frutto di una filosofia aziendale, mirata a portare in questo settore 'quell'emozione in più'. Anche le forme dell'intera collezione, morbide e avvolgenti, i materiali, igienici e puri, concorrono alla generazione di sensazioni dolci, coinvolgenti.

Linee essenziali, proporzioni studiate per ottimizzare il rapporto tra ergonomia e forma, cura e attenzione ai dettagli delle finiture: tutto questo identifica il 'Kos Touch', un'esperienza sensoriale e ludica, per il corpo e per la mente.

Kos is meant to meet the highly demanding requirements of society. These days, "physicality" is of the utmost importance. People wish to touch, to experience feelings associated with the body and with materials.

In the language of everyday objects, this need demands shapes you can caress and colors you can taste for an experience that is all-consuming and sensual. It's a context that Kos has been investigating for years; the Idrocolore® patent is an obvious result. Idrocolore® is a patented system that injects light directly into water thanks to a technology based on fiber optics. Six basic colors (which can be mixed as desired using a keypad) illuminate, color and reflect through water or steam. Tubs or shower cabins thus become enormous sources of light, where the excitement of getting in is so strong that it stays with you for a long, long time, and is so unique and remarkable that it cannot be compared with anything you've experienced...except perhaps the unrecoverable memory of our mothers' womb.

In essence, Idrocolore® is not the result of a business decision, but of a corporate philosophy that aims to bring "extra emotion" to this sector.

Even the soft, cozy shapes of the collection and the hygienic, pure materials it is made of contribute to its soft, irresistible sensations.

Simple lines, proportions that balance the relationship between ergonomic design and form, and care and attention to the details of the finishing: all this is the "Kos Touch", a playful, sensuous experience for both body and mind.

MORPHING

COLLECTION

Morphing / Consolle

Oggetto di memoria sul piano tipologico e semantico, Morphing/Consolle è allo stesso tempo un prodotto innovativo nel design e nei materiali. Un progetto bagno assolutamente contemporaneo che ammicca ai modelli classici, caratterizzato da un'estetica trasformista e fluida.

While Morphing/Console belongs to the realm of recollections for type and semantics, it is nevertheless innovative in terms of design and materials. A totally contemporary bathroom project which nods at classic models, while being characterised by fluid, mutant aesthetics.

MORPHING

COLLECTION

Morphing / Bathtubs

Rilettura contemporanea della tipologia classica della 'vasca a piedino', Morphing/ Bath Tub ha un'estetica innovativa, un'ergonomia confortevole, un touch morbido e vellutato. Disponibile anche nella versione bicolore, white and red e white and black, è un prodotto destinato a cambiare per sempre la tradizionale percezione dell'elemento vasca.

La versatilità del Cristalplant® ne consente una versione 'pannellata', dall'estetica monolitica e scultorea.

A contemporary reinterpretation of the classic 'bath tub on legs', Morphing/ Bath Tub offers innovative aesthetics, comfortable ergonomics, and a soft and velvety feel. Also available in the two-coloured versions, white and red and white and black, this product is destined to change the traditional perception of the bath tub element for ever.

Versatile Cristalplant® has enabled the creation of a 'panelled' version of monolithic, sculptural appeal.

MORPHING

COLLECTION

Morphing / Steel

Morphing/ Steel è un sistema di volumi e incastri; complesso, articolato e composito, è un gioco di forme e materiali diversi. Il touch setoso del Cristalplant®, l'assolutezza del metallo e la naturale morbidezza della lacca dei cassetti, si mescolano e fondono in un unico mobile decostruito: leggerezza e matericità, volumi e sottili linee grafiche definiscono un nuovo sistema bagno contemporaneo ed eclettico.

Morphing/ Steel is a system of modular units; complex, articulated and composite: a play of different forms and materials. The silky touch of Cristalplant®, the strength of metal, and the natural softness of the lacquered drawers are mixed and fused in a unique deconstructed assembly: lightness and texture, 3D forms and thin graphic lines define a new bathroom system of contemporary and versatile appeal.

MORPHING

COLLECTION

Morphing / Unit

Morphing/ Unit è un sistema semplice e al contempo versatile, in grado di offrire infinite soluzioni progettuali. Componibile, flessibile e studiato per offrire numerose varianti dimensionali e formali, Morphing/ Unit è composto da mobili a cassetti, frontali e/o laterali, mobili con piano lavabo integrato, mobili/ colonna.

Moduli per creare composizioni personalizzate; volumi essenziali, per definire landscape architettonici articolati e sempre nuovi.

Morphing/ Unit is a simple yet versatile system, capable of offering infinite project-planning solutions. Modular, flexible, and studied to offer multiple variants of size and form, Morphing/ Unit is composed of cabinets with front and/or side drawer-chests, cabinets with integrated wash-basins, column cabinets. Modules for personalised compositions: linear elements, to achieve complex, ever changing architectural landscapes.

MORPHING

COLLECTION

Morphing / Complements

Morphing/ Complements è una linea di complementi d'arredo dall'estetica lineare, fortemente geometrica. Elementi design oriented, per combinazioni funzionali, articolate e uniche; soluzioni spaziali, per ogni tipo di ambiente bagno. Dettagli, profondità e spessori dei mobili Morphing/ Complements sono stati studiati per ottimizzare ogni tipo di spazio.

Morphing/ Complements is a line of furnishing accessories of linear, markedly geometric aesthetics. Design-oriented elements, for functional, complex, unique combinations; special solutions for any type of bathroom ambience. Details, depth and thickness of Morphing/ Complements furnishings have been studied to make the most of any space.

Faraway/ Vis-à-vis

Faraway/ Vis-à-vis, vasca free standing in Cristalplant®, nasce dallo studio di geometrie organiche, asimmetriche, ibride tra rigore e sensualità. Uno shaping che rimanda alle estetiche della contemporaneità. La sua forma è studiata per indagare nuove ergonomie finalizzate al risparmio energetico e dell'acqua: geometricamente si allarga e si restringe in base al comfort richiesto.

Faraway/ Vis-à-vis, Cristalplant® free standing bath tub, was born from study of organic, asymmetrical geometries, a hybrid mating of rigour and sensuality. A shaping mindful of contemporary aesthetics. Its form explores new ergonomics whilst saving energy and water by geometrically expanding or shrinking to suit the comfort level required.

FARAWAY

SHOWER PROGRAM

Faraway 1, Faraway 2

Faraway è ricerca di nuove spazialità per l'ambiente bagno e di nuove flessibilità funzionali per infinite libertà progettuali. Una chiusura doccia semplice nella forma, ma in materiali pregiati, in due versioni dimensionali ed in due versioni funzionali, con braccio singolo o integrato al soffione doccia.

Faraway is the research for a new spatiality in the bathroom ambience and for new functional flexibility, to give infinite freedom for project development. A shower enclosure with a simple shape but made of precious materials, with two size versions and two functional versions. It offers a basic holding arm or a version with integrated shower head.

Faraway 1

Faraway 2

FARAWAY

BASINS COLLECTION

Faraway è un kit esperienziale molto flessibile, una collezione componibile e modulare che permette soluzioni spaziali del tutto innovative: nuovi sistemi aggregativi per un ambiente bagno destrutturato, contemporaneo, non convenzionale. Metafora di un viaggio alla scoperta dei sensi, Faraway indaga un nuovo 'mondo wellness', stravolgendo il comune senso del benessere. Aromi, profumi, superfici vellutate, shaping arrotondati, invitano una gestualità morbida e naturale: Faraway propone un bagno nomade, dà forma all'esperienza dei sensi, worldwide.

Faraway is a highly flexible kit of components: a collection that is demountable and modular, making it possible to organise the bathroom space in totally innovative ways, new solutions that create a more relaxed, contemporary, unconventional bathroom environment.

Faraway is the metaphor for a distant journey, to rediscover the senses and explore a new world of wellness, completely different from the usual concept of "wellbeing". With fragrances, aromas, velvety-soft surfaces, and rounded shapes that invite soft, natural caresses, Faraway suggests a nomadic bathroom, and gives physical form to the experience of the senses, anywhere in the world.

Faraway/ Round

Faraway/ Round è un lavabo free standing in Cristalplant® dall'estetica molto leggera, caratterizzato da un basamento asimmetrico che ne permette una visione e un utilizzo diversificato. Non esiste un punto di vista prioritario ma infinite composizioni spaziali: accostato al muro con rubinetto a parete, con una composizione di mobili laterale e rubinetto a muro o free standing, a centro stanza con rubinetto free standing. Grande libertà progettuale per l'architetto, nuove iconografie per l'ambiente bagno.

Faraway/ Round is a Cristalplant® free standing washbasin of subtle aesthetics, characterized by an asymmetrical base which allows diversified perspectives and uses. It features not a primary point of view but infinite spatial compositions: set against the wall, with a wall-mounted tap; flanked by an assembly of cabinets, centered in the bathroom with free standing or wall mounted tap. Great freedom for the architect's project development, new iconographies for the bathroom environment.

Faraway/ Square

L'estetica di Faraway/ Square è caratterizzata da un piano geometricamente rigoroso, che nella versione a colonna raccolge ed ammorbidisce le sue linee divenendo sottile basamento. Nella versione appoggio, Faraway/ Square può essere abbinato a mobili in frassino cotto, generando uno speciale effetto tattile tra la matericità setosa del Cristalplant® e quella naturale dell'essenza del legno. L'esperienza sensoriale è ancora una volta il punto di arrivo di un viaggio alla scoperta del benessere.

Faraway/ Square aesthetics are characterized by a rigorously geometrical top whose lines, in the pedestal version, are gathered and softened in the slender base.

In the deck mounted version, Faraway/ Square can be combined with cabinets made of heat-treated ash wood, generating a special tactile effect through the contrast of the silky smoothness of Cristalplant® with the natural feel of solid wood. Sensory experience is once again the destination of a journey in search of wellbeing.

FARAWAY

FURNISHING COMPLEMENTS COLLECTION

Faraway è un kit esperienziale, fatto di oggetti belli, dalle forme rilassanti, superfici da toccare. Il calore del frassino cotto, la morbidezza del Cristalplant®, il profumo degli incensi, sono parte integrante e fondamentale del progetto.

Faraway is a kit of components that consists of beautiful things, relaxed shapes, surfaces meant to be touched. The warmth of heat treated ash wood, the softness of Cristalplant®, and the scents of incenses: these are all integral parts to the project.

Mobili in frassino cotto, dalle
essenze calde e materiche
che per contrasto, esaltano
il bianco dei lavabi a cui
possono essere abbinati.

Heat treated ash wood
furniture, of pleasing shades,
that enhance the white of the
basins to which they can be
combined.

Faraway furniture

Alcuni elementi inediti completano la collezione: una consolle da abbinare al lavabo Square ed uno sgabello sempre in frassino cotto, dal caldo color marrone scuro e dalla superficie levigata.

Some new elements complete the collection: a console combined with the Square basin and a stool, always made of heat treated ash wood, with a warm brown color and a smooth surface.

Faraway complements

Faraway presenta anche una serie di complementi d'arredo in acciaio verniciato nei colori bianco o blu sky. Mensole e specchi modulari, tavolini dall'estetica lineare e leggera; carrelli contenitori colorati, posizionabili sotto i lavabi free standing a consentire nuove libertà progettuali.

The Faraway collection is completed by white or sky blue painted metal complementary objects. Modular shelves and mirrors, tables aesthetically linear and pleasant; container trolleys in multiple colours, positioned under the free standing basins allowing a new planning freedom.

Una punteggiatura elegante e colorata per ogni tipo di ambiente bagno.

An elegant and colourful punctuation for every bathroom.

MINIPOOL

Kos presenta un concept spa: il bagno non è più un luogo rituale, ma uno spazio dedicato al benessere multisensoriale. Funzione ed estetica si fondono integralmente: oggetti di squisita funzione si trasformano in dettagli geometrici di grande bellezza. Il taglio a pavimento di raccolta dell'acqua raddoppia il segno del perimetro della vasca; il blower genera un'increspatura dell'acqua, che corre per tutta la lunghezza della vasca. Un wellness unico, da viversi indoor e outdoor.

Kos presents the concept spa: the bathroom is no longer a ritualplace, but a space dedicated to a multi-sensory wellbeing. Function and aesthetics integrally blended: typically functional items are transformed into geometric details of great beauty. The floor-level overspill doubles the perimeter line of the tub, and the fan generates a ripple that runs all the way across the water for the whole length of the tub: a unique form of wellness for indoor or outdoor living.

Kaos 2

Icona contemporanea del bagno di design, Kaos 2 è un prodotto assolutamente innovativo: la sofisticata ingegnerizzazione permette di racchiudere i motori sotto il bordo della vasca. L'impressione visiva che ne risulta è di una grande vasca-sculpture sospesa, dove è il peso dell'acqua stessa a disegnarne la forma, un bacino organico come un'insenatura naturale levigata in cui il corpo può trovare nuove posture e comodità senza vincoli.

A contemporary icon of design bathrooms, Kaos 2 is a totally innovative product: the sophisticated engineering allows to hide the motors under the tub edges. The visual impression is therefore of a large suspended tub-sculpture whose shape is designed by the weight of the water. An organic basin resembling a smooth, natural inlet where your body can find ideal positions and enjoy new unlimited comfort.

Nella versione free standing o ad incasso Kaos 2, per la sue generose dimensioni, può essere vissuta singolarmente o condivisa.

Both in the free standing or built-in version, Kaos 2, thanks to its large sizes, can be experienced all by yourself or shared with someone else.

Kaos 1

La qualità di questo prodotto sta nell'idea progettuale, nella ricchezza della forma e dei dettagli senza rinunciare ad un'immagine amichevole. Un'estetica semplificata, non ridondante, unitaria per una vasca da cui sono stati eliminati i pannelli di tamponamento laterale, elementi ormai datati.

The quality of this product principally lies in the idea behind its design, as well as in its richness of shapes and details, but without sacrificing its friendly image. A simplified, not overstated aesthetic for a bath tub in which the outdated side panels have been eliminated.

Kaos 3

Il design come grafica
contestualizzata nello spazio
architettonico.
Volumi e dettagli importanti
anche nel piccolo...

Eye-catching design in any
architectural context.
Form and content, down to
the tiniest detail...

Grande

Grande esprime una nuova proporzione visiva per l'elemento vasca. Una vera e propria scultura contemporanea, in cui wellness e piacere estetico si fondono in maniera unica. Grande è un volume puro, proposto in 2 versioni: free standing e semi-incasso.

Offering new visual proportions, the Grande tub is a veritable contemporary sculpture in which well-being and pleasant appearance are combined in a unique way. Grande is a shape of highest purity which is offered in two versions: free standing and semi built-in.

- Awards: Design Plus 2005

Grande angolo

Grande angolo è un volume puro, una vasca angolare per non rinunciare, anche in un ambiente bagno più piccolo, ad oggetti di design molto funzionali. Grande angolo esprime una nuova proporzione visiva per l'elemento vasca.

Grande angolo is a three-dimensional shape of the highest purity, an angular tub, that allows to have user-friendly design products, also in a small bathroom. The Grande angolo is designed with proportions never seen before in a tub.

Grande quadra

Grande quadra è perfetta per ambienti molto grandi, anche limitrofi al bagno ed esprime una nuova proporzione visiva dell'elemento vasca.

Grande quadra is particularly suitable for very big rooms, even near bathrooms and states a new visual proportion of bathtubs.

Grande quadra step

Grande quadra step è frutto di una suggestione antica, richiama gli ambienti termali romani. Il gradino-sedile, ricorda infatti figurativamente l'antico 'invito all'immersione' delle terme romane.

Grande quadra step, inspired by an ancient fascination, the one related to the roman thermae. The step-seat is a reminiscent of the ancient 'invitation to immersion' into the thermal baths.

Geo 180

La sua forma 'primitiva' a catino, richiama alla memoria l'immagine di antiche fonti.

Geo 180 fa parte di una famiglia di prodotti che reinventano il progetto sul piano tipologico. Questo prodotto, per la sua linea estremamente particolare ed unica, è in grado di conferire un carattere speciale ad ogni tipo di ambiente, ricreando un'atmosfera quasi mistica.

Its 'primordial' basin-shape reminds ancient fonts.

Geo 180 is part of a family of products that reinvent different types of design. Thanks to its unique and innovative shape, this product is able to give a special and pleasant atmosphere to every kind of environment, creating like a mystic and really evocative ambience.

– Awards: Design Plus 2007

Outdoor Wellness

Geo 180 è disponibile nelle versioni filo piano, incasso e free standing.

Geo 180 can be available in the flush floor version, in the built-in version or in the free standing version.

Geo 170x70, Geo 180x80

Seppur progettate in dimensioni contenute, Geo 170x70 e Geo 180x80 dedicano all'acqua uno spazio ampio e confortevole: il loro ingombro si riduce grazie all'assottigliarsi dei bordi, che, come un nastro sottile, definiscono i limiti della vasca stessa.

Although they have been designed upon a smaller scale, Geo 170x70 and Geo 180x80 have dedicated a large and comfortable space to water. Their size seems smaller than it actually is in reality due to their slim edges that, much like a thin ribbon, delineate the very edges of the tub.

Geo box, Geo glass

Geo box e Geo glass sono vere e proprie scatole materiche, incise e definite da una linea di contorno spessa, bianca, pura, che, come in un disegno, ne arricchisce e delinea l'invaso. Un racconto poetico, di immediata lettura, proprio per la sua essenzialità e purezza formale.

Geo box and Geo glass are in essence boxes of matter, defined and delineated by a substantial surround of whiteness and purity that, as in a drawing, enhances and delimits the tub itself. A poetic expression, one of immediate clarity in its formal elegance and purity.

Una nuova opportunità per personalizzare e caratterizzare il proprio ambiente living, per uno user consapevole che ama vivere e circondarsi delle proprie scelte.

A new opportunity of bringing a personal and distinctive touch to this important part of the living area, ideal for the user who enjoys beautiful and refined surroundings.

Soft

Soft è un prodotto dal design semplice e funzionale, ideale per ogni tipo e dimensione di ambiente bagno.

Soft is a product with a simple, functional design that is ideal for bathrooms of any type or size.

Avec Moi

135x90xh 230 cm

Architettura e design, macro e micro scala, Avec riprende la complessa semplicità di una "glass house". Un micro padiglione domestico trasparente, molto semplice ed immediato nella sua percezione visiva, molto complesso nel suo sviluppo tecnico. Avec Moi è un box doccia multifunzione in alluminio e vetro per uso singolo.

Architecture and design , macro and micro, Avec recalls the complex simplicity of a glass-house. A micro home version of the glass exhibition halls, transparent, very simple and immediate in its visual perception, but at the same time extremely complex in its technical design. Avec Moi is a single-user multifunctional shower box made of aluminum and glass.

Avec Toi

180x90xh 230 cm

Assoluta leggerezza fisica ed estetica per questa declinazione del box doccia multifunzione. Per i setti sottili Avec ricorda l'architettura minimalista, per il materiale i più moderni oggetti di elettronica. Kos piega il design al servizio del wellness e nello stesso tempo lo rende contenitore interattivo di informazioni. Avec Toi grazie alle sue dimensioni extra si presta per l'utilizzo con più utenti contemporaneamente.

Total and complete lightness – both physical and aesthetic – in this ultimate expression of the multi-function shower box. In its ultra-thin elements, Avec recalls the minimalist style of architecture, but in terms of its components, the most modern features offered by electronics. Kos adapts design to serve the needs of wellness and, at the same time, adds interactive electronic technology. Avec Toi thanks to its extra dimensions is suitable for contemporary multi-users.

L'innovativa struttura in alluminio permette di ridurre spessori e dimensioni delle pareti generando una sofisticata cellula di benessere.

The innovative aluminum structure makes it possible to reduce the thickness of the supports and dimensions of the panels, creating a light and sophisticated wellness area.

Avec Small

120x80xh 230 cm

Una versione di dimensioni contenute per rispondere sempre ad ogni esigenza progettuale.

A smaller-sized version to be always able to answer every project requirement.

Kosmic Z2

180x129xh 220 cm

Kosmic Z2 è il nuovo modo di concepire la doccia.
Le ampie vetrate ed i volumi generosi ed unitari si rifanno alle
architetture contemporanee ed ai segni grafici più attuali.

Kosmic Z2 is a new way of conceiving the shower. The broad
expanses of glass and large, unitary shapes are inspired
by contemporary architecture and the latest, up-to-date
decorations.

Kosmic Z2 è molto diverso da tutti gli altri box in commercio sia per l'impatto visivo sia per il sistema costruttivo degli elementi. Provate ad immaginare il beneficio della cromoterapia unita all'idromassaggio o al bagno turco. Il nuovo lusso incomincia qui.

Kosmic Z2 is radically different from other shower cabins on the market because of its great visual impact and unique construction. Imagine the benefits of color therapy combined with hydromassage or a Turkish bath: today's new luxury begins here.

Kosmic Z1

129x129xh 220 cm

Pensato come un'architettura nell'architettura, Kosmic attraverso le sue vetrate permette al panorama domestico di divenire panorama architettonico. Kosmic Z1 è accessoriato con bagno turco, l'antico sistema per depurarsi dagli stress quotidiani, e le ampie superfici vetrate, garantendo il continuo contatto visivo con l'esterno, eliminano la spiacerevole sensazione di chiuso che contraddistingue prodotti similari.

Developed to be architecture within architecture, Kosmic and its broad expanses of glass enable the domestic panorama, to become an architectural panorama. Kosmic Z1 is equipped with Turkish bath, the ancient way to eliminate everyday stress, and its large glasses guarantee a continuous view of the outside and eliminate that unpleasant feeling of being "closed in" which is typical of similar products.

ATOLLO

Atollo

120x80xh 228 cm

Atollo permette una vera e profonda rigenerazione, da viversi anche nel proprio ambiente domestico: ciascuno di noi può riappropriarsi del proprio benessere quotidiano, dedicare la 'giusta' attenzione a se stesso e al proprio wellness.

Atollo allows a deep and real regeneration, that any user can 'live' in his own house: all of us may regain possession of our own wellness and take the well-deserved care of ourselves.

Il box multi-funzione Atollo è una piccola 'architettura domestica' accessoriata con i sistemi Idrocolore®, bagno turco, getti per massaggio dorsale e soffione doccia.

The multifunctional shower cabin Atollo, is like a little 'domestic architecture', accessorized with Idrocolore® system, turkish-bath, central shower head, jets for dorsal massage.

WATERWALL

Waterwall

La proposta Kos nella tipologia delle colonne accessoriate. Un semplice pannello che disegna un volume grafico come un quadro minimalista su cui collocare le funzioni delle rubinetterie, la cascata a lama d'acqua o i getti per il massaggio. Waterwall è accessoriata con un sedile in poliuretano integrato per il massimo comfort.

The Kos line of multifunctional shower columns. A simple panel designs a picturesque three-dimensional form, resembling a minimalist painting, where the tapware, a "water blade" waterfall outlet and hydromassage nozzles are placed. Waterwall is equipped with an integrated polyurethane seat for maximum comfort.

GEO

SHOWER TRAYS

Geo tray

Progetto ispirato a forme geometriche assolute, Geo tray ha linee morbide e sinuose, definite da una sottile fenditura che funge al contempo da scolo dell'acqua e profilo dell'oggetto stesso. Installabile anche a filo-pavimento, Geo tray indaga nuove relazioni con lo spazio, esaltando la continuità del segno architettonico dell'orizzonte domestico.

A design which has been inspired by absolute geometrical shapes, Geo tray has been developed with soft, yet winding lines, defined by a subtle cleft, acting both as a draining of the water and a profile of the object itself. Geo tray presented also in the flush floor version, explores new relationships with the space available and exalts the continuity of architectural design within the domestic landscape.

Geo tray 80

Anche nella versione circolare forma e materiale si esaltano vicendevolmente, restituendo il giusto valore simbolico al quotidiano momento rigenerante della doccia.

Also in the circular version shapes and materials highlight each other and restore the symbolic and ritual value that takes place at the daily regenerating moment of having a shower.

FLOOR

Floor 1, Floor 2

Piatti doccia in Cristalplant®, con struttura di chiusura in acciaio lucido e vetro temperato. Possono essere montati ad incasso o a filo pavimento.

Shower trays made of Cristalplant®, with closing structure made of polished stainless steel and tempered glass. They can be installed in a flush floor version or in a built-in version.

LAB COLLECTION

Lab 01 *free standing*

Scultoreo, fluido, architettonico, nella forma e nel materiale (Pietraluce®), Lab 01 coniuga in sé bellezza e energia, in un primigenio gioco di forze ed equilibri. Un touch dolce e delicato che invade i nostri sensi.

Sculptural, with fluid and sinuous lines, natural in both form and material (Pietraluce®), Lab 01 blends beauty and energy in an eternal play between force and equilibrium. A soft, delicate touch that pervades the senses.

Lab 01 30/50

Lab 01 è da ora disponibile anche nelle versioni da appoggio, con due differenti altezze.

Lab 01 is now available also in the deck mounted version, with two different heights.

Lab 02

Free standing, sospeso o da appoggio, in versione single o twin Lab 02 offre un'ampissima versatilità funzionale. Le sue forme geometriche e il materiale (Cristalplant®) conferiscono scultoreità ad ogni tipo di ambiente bagno.

This free standing, deck mounted or wall-mounted washbasin is available in single or twin Lab 02 versions for maximum versatility. The geometric form and material (Cristalplant®) will bring a sense of movement to any bathroom.

– Awards: Design Plus 2009

Lab 03 *free standing*

Complesso, leggero e al contempo materico, Lab 03 è un vero e proprio progetto di architectural-design. La sua geometria purissima, addolcita da curve morbide ed arricchita da una maniglia porta salviette integrata nella forma, lo rende un prodotto assolutamente contemporaneo. Uno shaping ed un materiale (Cristalplant®) innovativi, per una casa moderna e internazionale.

Imposing and complex, while at the same time light and contemporary in style, Lab 03 is the result of a true architectural and design project. Its totally essential lines, softened by the sensually-curved edges and enriched by a towel holder handle integrated in the shape, give this model its totally contemporary look. Innovative shape and material (Cristalplant®) for today's international domestic setting.

Lab 03 *deck mounted*

Un catino da appoggio dalla forma semplice ed elegante, curato in ogni particolare, in morbido e prezioso Corian®.

A deck mounted basin with a simple and elegant shape. It is very accurate in details and made of soft and precious Corian®.

IDROCOLORE®

Ogni colore porta un effetto benefico specifico sull'equilibrio psicofisico. Forma e funzione, il bagno sarà una vera sensazione di piacere unita al beneficio reale della cromoterapia. In questo momento qualcuno nel mondo si spoglia, spegne la luce e sta per fare il bagno. Idrocolore® Kos per la cromoterapia totale e massaggio blower per un benessere reale.

Every colour has a specific beneficial effect on psychophysical well-being. Form and function are combined to offer something that is truly new. Having a bath will be a really pleasant experience that is combined with the genuine benefits of chromotherapy. At this very moment, someone in the world is undressing, turning off the light...preparing to have a bath. Idrocolore® by Kos for total chromotherapy and blower massage, offers true well-being.
